

## **PRIMARY PE & SPORTS FUNDING**

All primary schools receive an additional yearly PE Premium grant from the Government. This extra funding is intended to make additional and sustainable improvements to the quality of PE and sport.

### **School's aim**

Our school's aim is to use the additional funding to raise the profile of sport at Meir Heath and improve the quality of teaching of PE, as well as engaging our children in high quality sporting activities, both curricular, extra-curricular including competitive sport and in turn providing the children with many different experiences that they may not get to do outside and beyond primary school.

It is our intention to engage pupils in regular physical activity within the guidelines of the Chief medical Officer of 60 minutes per day, of which 30 minutes should be within school.

### **2016-2017**

In the following academic year, the school will hope to achieve:

- To arrange and liaise regular meetings within the St Bart's Trust that promote shared practice and facilities with a view to organising events that give children the opportunity to compete across The Trust including sport premium children and KS1.
- Involvement in Blythe Bridge Cluster (Partners in Excellence) and School Games Competitions
- Intra school sporting opportunities – To manage and raise the profile of team games to allow for pupils to receive specific coaching to further develop sporting skills to enable teams within KS2 to compete and achieve at sporting events (a requirement of the Gold Award)
- To continue to provide a range of extra-curricular clubs
- Investment in sports equipment

### **Impact**

The school has made huge strides towards implementing competitions whereby the children from KS1 and KS2 compete against all the other schools in the St Bart's Trust and the Blythe Bridge Cluster (Partners in Excellence). 12 schools are involved in all of the sports we organise and this provides the children with a lot of opportunities to compete against one another. There are about 7 events in the academic year with them all aimed at a variety of children including SEN, Gifted & Talented.

1. 6 events provided over the year in 6 different sporting activities for children in KS1 and KS2.
2. 124 children approximately involved in the activities provided.
3. An extra-curricular club in cricket provided by staff from Blythe Bridge High School.
4. Transition opportunities for Y5/Y6 working with Blythe Bridge High School staff and working with children from other local feeder schools.
5. Children experienced competition against children from other schools.
6. Children were able to compete at quality venues.
7. Created links with sporting clubs (for example Longton Rugby Club provided a coaching session before our Y3/4 Tag Rugby tournament and provided opportunities for children to attend the club after the event)

**2017-18 Funding Allocation £19,210**

This next academic year, the school will hope to achieve:

- To arrange and liaise regular meetings within the St Bart's Trust and Blythe Bridge Cluster (Partners in Excellence) that promote shared practice and facilities with a view to organising events that give children the opportunity to compete across The Trust.
- Share good practice, support from BBHS P.E. department. Devise a programme of inter school activities and competition. The programme will now include a pre-competitive coaching session in order to prepare the children for competition in the variety of sports that are chosen during PE coordinator meetings. These will be based on the sports targeted by the Sainsbury's School Games. All the sports covered will give a larger number of children the opportunity to share and celebrate success.
- Children to participate in level 2 school games and local cluster events. Children to participate in intra school events in a variety of sports linked to the partners in excellence scheme. Maintain the School Games Gold.
- Hiring appropriate facilities for intra and inter school competitions and activities
- Training the present year 6 children in order for them to begin the role during the 2017-2018 academic year. New equipment and resources. Rewards for playground leader excellence. Rewards for children taking part. Raise the profile of competitive sport and sporting success across the school through recognition of success in Celebration Assembly.
- To audit equipment for sport and P.E. to support the teaching in lesson time and extra-curricular activities so that a number of different sports are on offer
- Purchase Sports Teams Kits with the New School Logo on Athletics/multi sports tops/ dance squad so that more children are able to compete and for a wider variety of sports.
- Mr Wilkinson will improve the teaching of sport across the school through:
  - Team teaching
  - Planning support
  - Focused CPD for all staff
  - Whole School Staff Meeting and Inset training
- Sports Council to take an active role in planning and preparation for activities and tournaments. Regular meetings throughout the year. For the children in both key stages to experience competitive sport competition. To prepare children in resilience and competitiveness and fair play.
- To introduce family participation of sport through community keep fit at the beginning of the school day and PE homework challenges.
- Swimming intervention coordinated by Mr Wilkinson (qualified swimming teacher) so that a greater % of children meet the required swimming standard by the end of Y6.
- Scooterbility programme will be designed and implemented including the planning of, purchase of scooters, purchase of awards and markings on the playground.
- The school's long term aim is to have the EFC fitted with an all weather surface so that the children can access active play the whole year round. Due to the cost of this, this may need to be planned for over the next 2 years and with the help of the PFA.

### **Year Six Swimming Attainment**

92.3% of children can swim confidently over a distance of 25metres

90.3% of children can swim confidently using a range of strokes

92.3% of children can perform safe self rescue in different water based situations

However 2.8% managed to attain 10m and 15m award from being a severe non swimmer.
